SUMMARY

An AI Engineer experienced in building scalable machine learning and generative AI systems, skilled in model tuning, LLM Integration, and production deployment, looking to build or contribute to intelligent solutions that drive measurable business impact.

EXPERIENCE

Sep 2023 - Jan 2024

Data Analyst Intern

Indorama Eleme Fertilizer Limited, Eleme
Port Harcourt, Nigeria.

Learned the basics of Data Analysis and Application in BI

- Created visualizations that simplified data interpretation for stakeholders
- Identified trends that led to a 15% increase in sales performance
- Developed insightful reports that improved team efficiency by 30%
- Presented findings to management, influencing key project directions

May 2025 - Current

AI Engineer (Self-Employed)

- Design, train, and optimize machine learning and deep learning models
- Develop and deploy AI systems into production environments
- Implement and fine-tune LLMs, RAG systems, and AI agents
- Build autonomous and agentic systems
- Integrate AI models with APIs and back-end services
- Monitor model performance and manage retraining work flows
- Collaborate with cross-functional teams to deliver scalable AI solutions

EDUCATION

2019 -2025

B.Sc. in Computer Science

University of Port Harcourt, Nigeria

- Achieved a GPA of 3.46/5.0
- Graduated with a B.Sc. in Computer Science with Honors

HOBBIES AND INTERESTS

- Gaming
- Listening to music
- Reading tech papers
- Exploring new tech
